Brakes, Rotating Machines, and Steering Systems

New Product Communication | April 2018

Automotive Aftermarket North America

Bosch QuietCast™ Disc Brake Pads

1 Part Number **46K** Units in Operation

- ▶ Hardware kit included on select applications
- ▶ Synthetic lubricant included with all applications
- ▶ Late-model Asian vehicles

Bosch Blue Disc Brake Pads

2 Part Numbers **46K** Units in Operation

- ▶ OE-style, multi-layer shims for superior noise dampening
- ▶ Towel-wrapped on selected applications for added protection and value
- ▶ Late-model Asian vehicles

Bosch Rotating Machines

5 Part Numbers **1.9M** Vehicles in Operation

- ▶ Meets or exceeds manufacturer recommendations
- ▶ Late-model Domestic, Asian and European coverage

Bosch Steering Systems

19 Part Numbers **5.7M** Vehicles in Operation

- ▶ Direct Replacement of Original Equipment
- ▶ Optimum performance
- ▶ Precise manufacturing methods for durability

Product Category Overview

Bosch has added braking, rotating machine and steering system coverage for more than 7.6 million vehicles in operation in the month of April. The new replacement parts offer OE fit, form and function for vehicles from Ford, BMW, Chevrolet, Audi, Nissan, Honda, Mazda, and more.

Bosch QuietCast Brake Pads

Bosch has added one new brake pad set SKU to its QuietCast Disc Brake Pad line. This new release covers late-model Asian vehicles. Bosch QuietCast Brake Pads are developed for the generalist who works on all makes and models all day long.

Bosch Blue Disc Brake Pads

Bosch has added two new Bosch Blue Disc Pad set SKUs to its braking component portfolio. These new releases cover late-model Asian vehicles.

Bosch Rotating Machines

Bosch has released five additions to the Bosch Rotating Machine line covering 1.9 million vehicles in the US and Canada. These part numbers cover Domestic, Asian and European vehicles that may no longer be serviced under warranty, but are prime candidates for serviceability in the IAM (Independent Aftermarket). The new coverage includes Acura, BMW Mini, Ford and Honda. Many of these SKUs are not available through other remanufacture suppliers today.

Bosch Steering Systems

Bosch has added nineteen new SKUs to the Steering System line covering 5.7 million vehicles in the US and Canada. Bosch steering systems is an evolution from the already well-known and established ZFLS steering joint venture. Bosch continues to develop new releases for the Aftermarket, specializing in European import vehicles, but also offering domestic applications. All of the recently added part numbers can be found in the latest ACES/PIES catalog output.
