

Clear Advantage™ Windshield Wiper Program

The **Bosch Clear Advantage™** beam windshield wiper program delivers high quality wiping for all weather performance. Product highlights include:

- 1** A **patented beam design** to resist ice and snow build up for use in extreme cold
- 2** The **Click-On™** weather adapter system for quick and easy installation
- 3** A **blended natural rubber** with graphite treated wiping edge to reduce friction for a clean and quiet wipe
- 4** An **aerodynamic wind spoiler** to create a downward force which ensures consistent wiping at high speeds

12 Part Numbers, 94.54% Coverage
