

Invented for life

BOSCH

3-Year Nationwide Limited Jumpstart Assistance 1-800-691-4080

The Bosch Nationwide Limited Battery Jumpstart plan applies to the original battery, original purchaser and the original vehicle identified on the receipt for the battery purchase. This limited jumpstart plan applies only to passenger and light truck batteries that lose charge, because of a manufacturer's defect, during the first 36 months after purchase.

4-1604

What is Covered

You may receive reimbursement for jumpstart services for 36 months from the date of purchase of an eligible Bosch battery. You must call 1-800-691-4080 to receive jumpstart assistance service. You will be reimbursed up to \$75 for eligible expenses incurred for jumpstart assistance. Jumpstart assistance is strictly limited to the jumpstart of a defective battery. If you require a tow or any other service you are solely responsible for any and all charges. This benefit applies to motorized passenger vehicles only—and specifically excludes commercial vehicles or those vehicles listed under the Exclusions and Limitations section below.

How to Receive Reimbursement

The following documentation must be submitted to the program administrator within 60 days of service to receive a reimbursement:

1. A photocopy of the original invoice showing the purchase of covered battery, along with your complete name, address and telephone number.
2. A photocopy of the paid invoice for jumpstart service from a valid auto service provider. This paid invoice must include the name, address and telephone number of the service provider.

Mail the above documentation to:

Jumpstart Assistance, P.O. Box 33535, Denver, CO 80233

Exclusions and Limitations

The following vehicles are not eligible for coverage: vehicles with a manufacturer's load capacity of greater than 1 ton, commercial vehicles and trailers and other non-motorized vehicles.

This plan covers only the Bosch batteries registered to the original customer that purchased the battery.
